MISSION

No one can help everyone but everyone can help someone – 'lend a hand or a shoulder'. Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around.

VISION

Advocating for a better world is the ultimate vision of Manav Aarogya Seva Kendra. Every life is important. The Manav Aarogya Seva Kendra aesthetically envisions and caters to every individual from the core. It fosters optimal health and well being and together builds a caring committee with self-sufficiency, dignity, harmony and happiness towards creating a better society.

The prime motive of our **Non-profit Organisation - Manav Aarogya Seva Kendra, Killa Pardi**, is to get involved in health related activities. And health by definition of WHO (World Health Organization) means physical, mental and spiritual health.

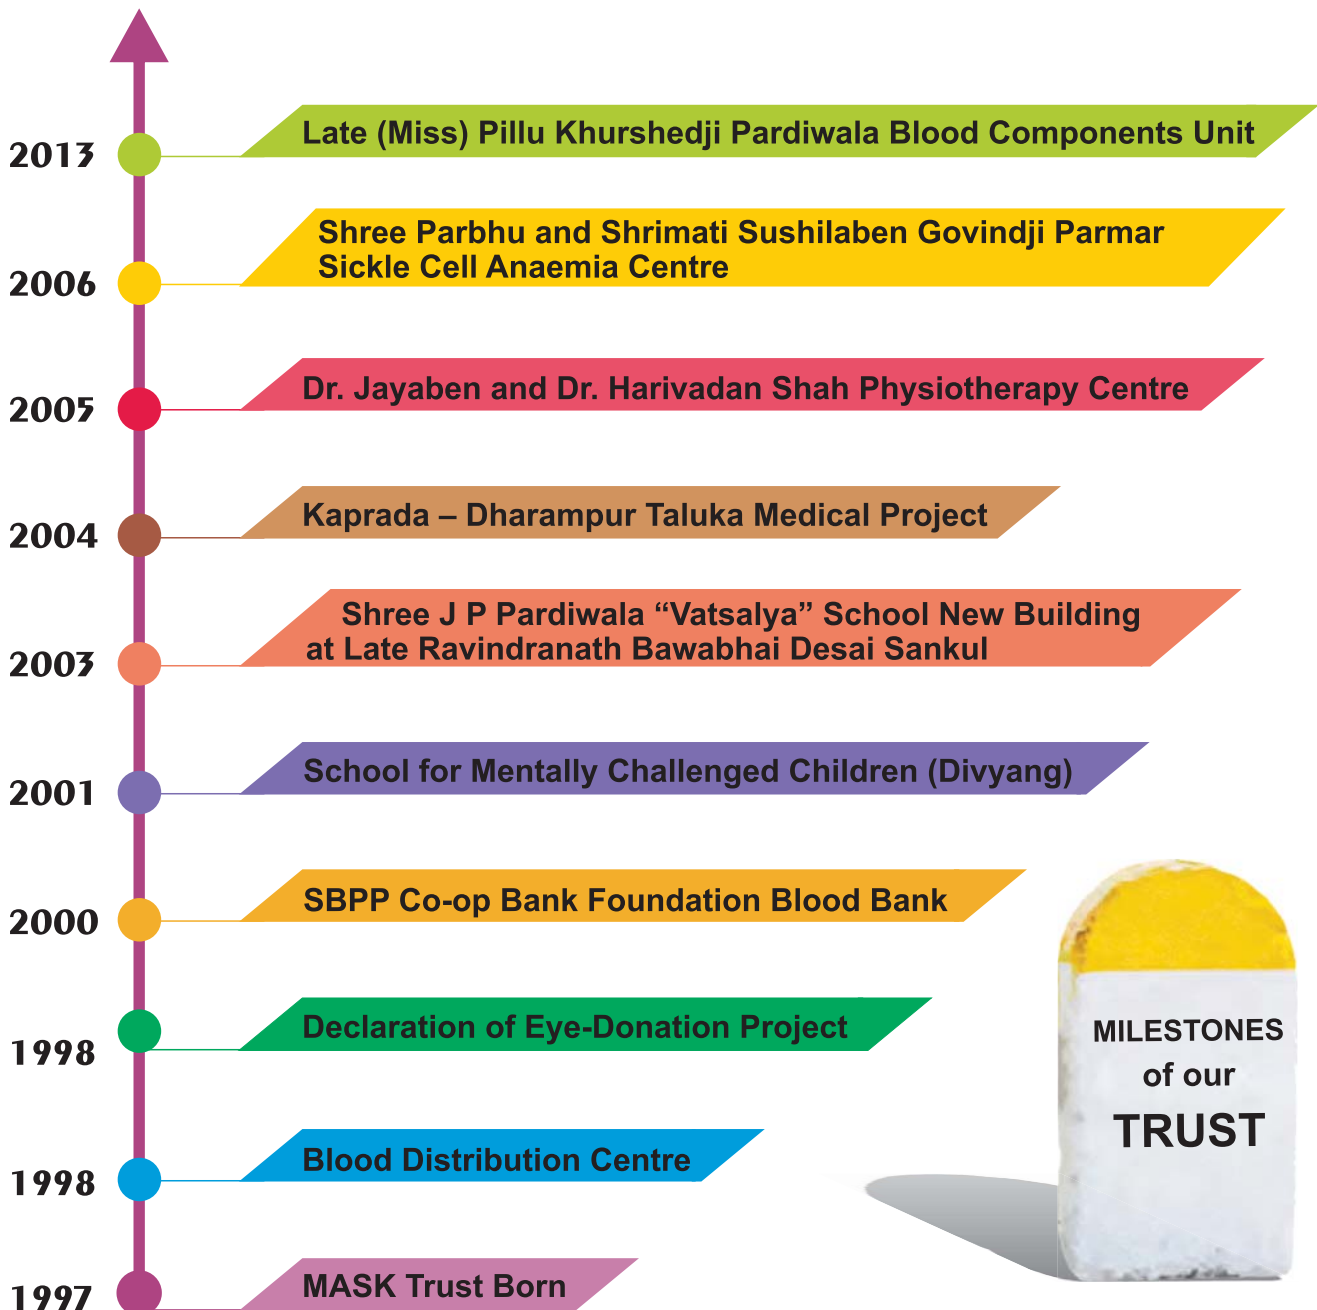

Manav Aarogya Seva Kendra is a registered charitable trust Under Bombay Public Trust with registration number **E/1816/Valsad**.

The various projects undertaken by the trust :

BLOOD BANK

SARDAR BHILADWALA PARDI PEOPLES CO-OP. BANK FOUNDATION BLOOD BANK & LATE (MISS) PILLU KHURSHEDJI PARDIWALA COMPONENT UNIT BLOOD BANK

Aim: To provide safe blood and/or blood components as and when required.

The trust started with a blood distribution centre in one small room provided by Pardi Vikas Mandal in 1998 jointly by Param Pujya Swami Shree Hariprasaddasji and Shri Prafulbhai Shukla.

With the commendable support of volunteers and hard work of Trust Board a fully component unit blood bank is running successfully.

Our Government approved Component Unit Blood Bank provides components like, **RCC, PCV, Fresh Frozen Plasma (FPP)** round the clock to hospitals of Pardi, Valsad, Dharampur, Daman, Silvassa, Vapi and neighbouring districts as well.

There is an **emergency blood donation group** in Pardi which consists of more than **200 youngsters** and they help the blood bank to satisfy the demand of blood of any one who is in need of blood at our blood bank and that too they are always active 24/7 for 365 days.

Blood and its Components

Blood is needed to keep us alive because it delivers essential substances like oxygen and nutrients to the body's cells through circulation. There is no substitute for blood. It cannot be made or manufactured. Generous blood donors are the only source of blood for patients in need of a blood transfusion.

Blood Components

There are four basic components that comprise human blood:

1. Plasma 2. Red blood cells 3. White blood cells 4. Platelets.

When can camps be organized?

There is no specific time or occasion for doing the good deed. A simple thought of serving the needy is enough to donate blood.

The aware citizens of today **donate blood on various occasions** like, National Day, Annual Day, Death Rituals, Voluntary donations, in Society, on religious festivals and family occasions, by schools, colleges and other educational institutions, by different Sevak Mandals, etc.

SICKLE CELL ANAEMIA CENTRE (TRIBAL BELT)

SHREE PARBUHARI AND SHRIMATI SUSHILABEN GOVINDJI PARMAR SICKLE CELL ANAEMIA CENTRE

Aim: To identify, label, educate, treat and prevent Sickle Cell.

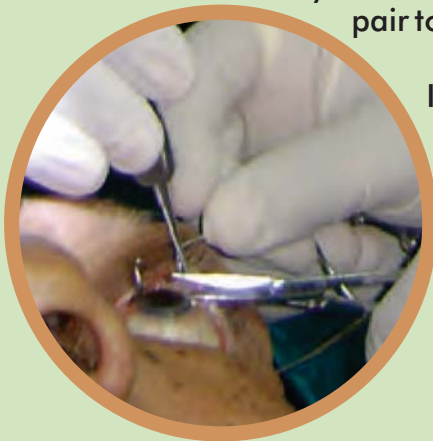

In South Gujarat, families of certain tribes like Dhodia, Kukna, Varli, Vasava, Chaudhari, etc. communities suffer from a genetic disorder of blood called sickle cell anaemia, wherein they suffer from anaemia, jaundice, joint pain and malnutrition. Often, they die at an early age of 15-30 years due to involvement of lungs, heart and major organs.

The trust is serving school children of Pardi Taluka by checking their blood for this disease, provides medicines and educate them about its seriousness and precautions to be taken, give them blood whenever required free of cost.

EYE DONATION CENTRE

Aim: To collect eye donation with a proper aseptic measures, preserves and transfer eye balls for corneoplasty to Navsari Rotary Eye Institute and RNC Free Eye Hospital, Valsad. To be helpful to get vision to the sufferer, the project has been started in January 1998 with declaration of Eye Donation Project. Every year MASK is collecting considerable eye pair to provide ROSHNI to the sufferer.

Its notable that **Dr. Latesh Patel** is giving his long-lasting service in retrieving eyeballs from deceased people after necessary pre-requisites all these long time.

FREE MEGA MEDICAL CAMP

Manav Aarogya Seva Kendra, Pardi is committed towards providing free medical facilities to the underprivileged and tribal people of villages who cannot afford expensive health treatment.

Our Project Chairman, Dr. M M Qureshi is the leader who leads this camp every year with his vision, expertise and support of the well-wishers and donors.

So far, the trust has organized :

- * **24 Weekly Medical Camps** - in the Adivasi area of Kaprada and Dharampur taluka., where tribal needy patients have been benefited.
- * **14 Mega Medical Camps** - Treated 2000-3000 patients in every annual camp with free treatment and medicines including X-ray, CT-scan, MRI, Endoscopy, etc.

A team of 40 specialized doctors in different streams, 20+ organizations and 200+ volunteers assists during each camp providing their valuable services to the patients of Valsad district.

Patients and their attendants are provided with free snacks and lunch.

Till date 46410 number of patients have been treated and provided with free of cost medicines.

FREE SURGICAL CAMP

Patients checked in the Mega Medical Camp, who needs to undergo surgery/operation are given different dates for operations. The operations are performed for one month under the expert supervision and directions of **Dr. M M Qureshi and Dr. Quresha M Qureshi** at the Pardi Hospital, Killa Pardi and Zenith Hospital, Valsad.

Each Surgical camp lasts for 3 to 4 weeks. During this Surgical camp we provide morning refreshment, lunch and dinner to the patients as well as the attendants along with the transportation facility if surgery needs to be done in metro city.

Till date 1412 patients have been operated.

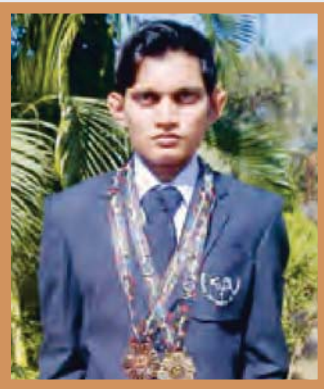

SCHOOL FOR MENTALLY CHALLENGED CHILDREN (DIVYANG)

SHREE J P PARDIWALA VATSALYA SCHOOL

Aim: To educate, train, restore and rehabilitate mentally and /or multiple disability children in the society with quality.

“Vatsalya” is a dream project of the trust. It is a free of cost special school for mentally challenged children. They are differently abled children and now called **Divyang children**. Project started in January 2001 with 2 rooms in blood bank building with 8 students. School came to its present existence with land donated by Shri Jatinbhai Desai in the name of his father Shri Ravindranath Desai and a significant donation from Shri Ratanshah Damanwala through Shri Jehangirji Pestonji Pardiwala Charity Trust, Mumbai.

- At present **70 students** are studying in this school. The school is specifically developed to educate and raise the mentally challenged students to live their life self-respectfully and train them to carry out daily routine on their own through special education, social knowledge, physical development and professional guidance.
- **Specialized teachers** teach the students language, reading, identify colours, animals, flowers, shapes, rupees counting and identification, etc.
- The schools provide to-and-fro **transport facility** to the students.
- **Daily nutritious snack** is also provided to the students.
- They are also being given physiotherapy treatment for associated physical limitations of their affected body parts.
- This school provides **vocational training** where these mentally challenged students are being taught to prepare handmade candles, cloth flowers, paper bags, mattresses, variety of envelopes, wall pieces, etc. These articles are then sold and the money so earned is given to these children in order to build up the feeling of self-earning in them. Many children have been employed in the factories through this school.

PHYSIOTHERAPY CENTRE

DR. JAYA & DR. HARIVADAN SHAH PHYSIOTHERAPY CENTRE

Aim: To benefit physically challenged children of Vatsalya School and general public at large at subsidized rate.

The centre started on 5th June 2005. It mainly serves physically challenged students of Vatsalya School free of cost and also caters needs of general public at minimal cost.

The immature brain damage causes cerebral palsy (CP) in children, and these children have many disorders of movement and posture development, often accompanied by disturbances of sensation, perception, cognition, communication, and behaviour and by epilepsy and secondary musculoskeletal problems.

In the treatment of CP, various approaches used are based on different theories of motor learning.

Commonly used approaches in the treatment of children with CP are as follows:

- (1) Neurodevelopmental therapy,
- (2) Goal-directed therapy,
- (3) Constraint-induced movement therapy,
- (4) Bimanual intensive manual therapy,
- (5) Treadmill training,
- (6) Muscle strength training,
- (7) Virtual reality,
- (8) Aqua therapy,
- (9) Botox therapy and casting
- (10) Family education and Home Based treatment.

“Children with disabilities are like butterflies with a broken wing. They are just as beautiful as all others, but they need help to spread their wings.”

“It takes strength to live with mental illness. So don't you dare say that I am weak because having a panic attack would drop you to knees.”

GRATITUDE

Our success is due in large measure to the loyalty, helpfulness, and encouragement we have received from:

- *All our Donors. We owe this achievement to their generous contributions for the accomplishment of our various projects, without whose continuous support and contribution, we could not have progressed so much towards our goal.*
- *All supportive members that include specialized doctors, medical staff, organizations, volunteers without whose support we could not be successful in organizing the Free Mega Medical/Surgical Camp.*
- *All our sincere and dedicated staff for their outstanding efforts in the development through these years.*
- *All our well-wishers who stood by us through thick and thin.*
- *All our beneficiaries and esteemed parents for their unceasing support and encouragement.*
- *Our special gratitude to Government of Gujarat and Shri Kanubhai Desai for granting fund for the development of our Vatsalya School.*
- *Our heartfelt thanks also go to all those who have helped us, directly or indirectly, to make this wonderful 23-years journey a great success.*
